The following procedure should be used to assist parents in addressing any concerns within the school community. These procedures have been developed in consultation with the school community and approved by school council.

1. Parents should raise the matter by verbal or written communication to the school.
 - Please remember that the person you wish to speak to (Principal or Teacher) may have other commitments at the time of your communication.
 - You should make an appointment to see the appropriate person especially if the matter is of a serious nature. Many concerns can be clarified by speaking directly with your child/ren's Classroom Teacher. Should you feel the concern or complaint is more serious than this an appointment should be made directly with the Principal.
 - Outline the seriousness of your issue with the person you initially speak to if you believe an urgent response is necessary.
2. If you feel the issue is not resolved make an appointment to see the Principal. Inform him/her of the nature of the issue when you make the appointment.
3. Following your meeting with the Principal you may need;
 - To provide further information
 - To be available for further discussion with appropriate people within the school.
 - To consider the involvement of DEECD guidance officers, psychologist, social workers or personnel from community agencies.
4. All issues and complaints should ultimately be resolved at the school level in order to provide the best possible outcome for students.
5. If a concern or complaint is substantiated in whole or part, the school will offer an appropriate remedy at its discretion and depending on all the circumstances.

Rupanyup Primary School is committed to seeking a resolution to all concerns sensitively and with a commitment to listening and responding to parents concerns positively and professionally.

- Therefore we ask that all parties conduct any interactions in a positive manner and refrain from verbal abuse and/or threatening behavior.
- If any interaction between parents or members of the public and school based personnel involves such unacceptable behaviour, any discussion or meeting will be terminated.
- Discussion may only continue at an appropriate time when an agreement to continue in a professional and positive manner is given.

The school will make information about procedures for addressing concerns and complaints readily available to parents. Information will be presented in clear and easy to understand language.

The school will monitor parent concerns and complaints and consider issues raised through the parent complaints process, and any other relevant information from the parent opinion survey, when undertaking a review of the school's policies, procedures and operations.
